Colours

ScreenPro offers a standard range of eight Dulux powder coating colors, namely Matt Black, Flaxpod, Ironsand, Grey Friars, Appliance White, Metro Silver Pearl, Sandstone Grey, and Titania. Other colors are available upon request. Please visit our website to see the full range. Duralloy or equivalent is the standard finish supplied, unless stated otherwise, which provides excellent resistance for sites most commonly found in New Zealand.

Warranty

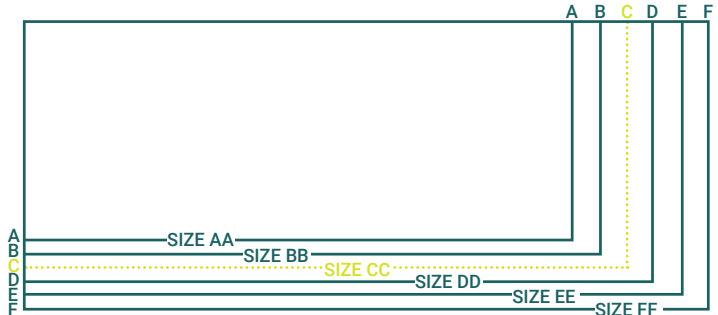

ScreenPro covers supplied by UNEX has a warranty period of 10 Years for Residential applications and 5 Years for Commercial applications.

Sizing

ScreenPro Heat Pump Covers are available in 5 standard base sizes, as shown in the diagram below. With multiple height options, we ensure there's a fit for every common residential split-system aircon unit on the market!

ScreenPro uses a sizing convention of Width x Depth x Height, all in millimetres. While custom sizes are welcome, our 5 standard base sizes (plan view) Width x Depth are as follows:

- Size AA - 1000 x 400 mm
- Size BB - 1050 x 425 mm
- Size DD - 1150 x 475 mm
- Size EE - 1200 x 500 mm
- Size FF - 1250 x 525 mm
- Size CC - Custom Size

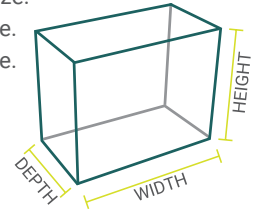

To find the right size for your ScreenPro Cover:

Measure your Aircon unit (Width x Depth x Height). Remember to include allowances for pipework and mounting blocks.

Add clearances as below:

- Width - add a minimum of 130 mm to unit size.
- Depth - add a minimum of 90 mm to unit size.
- Height - add a minimum of 20 mm to unit size.

Allow 100 mm clearance from back of the cover to the wall, or as recommended by the manufacturer of the unit.

COVER BASE	COVER HEIGHT	CODE	MAX UNIT SIZE	PRICE JAN-2024
W X D (mm)	H (mm)		(W x D x H)	(Incl GST)
1050 x 425	700	BB0700	920 x 335 x 680	\$990
	850	BB0850	920 x 335 x 830	\$1,090
1150 x 475	850	DD0850	1020 x 385 x 830	\$1,120
	1000	DD1000	1020 x 385 x 980	\$1,220
	1150	DD1150	1020 x 385 x 1130	\$1,350
1200 x 500	1525	EE1525	1070 x 410 x 1505	\$1,660
